

May 16th to 20th 2022

national week of Agriculture in school

QUIZ

TARGET AUDIENCE

5th grade to 6th grade

GOALS

- Strengthen the learning of new agricultural concepts
- Assimilate the learning related to the Common Agricultural Policy (CAP)
- Disseminate the importance of CAP

MATERIALS

- Quiz with 10 multi-choice questions

HOW TO PLAY?

- Presentation by the teacher or investigation by the students about the Common Agricultural Policy.
- Divide the class into two teams.
- Each team chooses the order of students to answer the questions. One competitor from each team answering the questions at a time, the idea is for everyone to take part in the activity.
- The quiz game contains questions regarding the subjects addressed in the classroom. There are four options to choose from as answer and only one of them is correct.
- The teacher reads the question and then shows the respective card to the two contestants.
- The competitor who puts their arm in the air first, responds. The answer must be given within 30 seconds. In case the answer is not right, the question will automatically pass over to the opposing team
- Whenever a competitor gets the answer right, the corresponding team earns one point.
- In case no team gets the answer right, the teacher then reveals the correct answer.
